

"Red Head"®

TW-300 SERIES TANK+TOTE WASHER

*Simplicity in Application –
Efficiency in Washing*

Pressure washing cleans
"all" interior surfaces

Spray pressure up to 500+
PSI and 35 GPM volumes

Wash nozzle insures complete
vessel coverage

Reduces vapor exposure
to your employees

Saves times versus manual cleaning

Cleans totes and tanks efficiently

No brushes to wear out

Explosion proof design standard

Automatic and manual wash cycle
offers complete flexibility

Minimize water usage with
our specifically designed
separation tanks

The TW-300 Series of Tank and Tote washers clean tote tanks and open top portable tanks from 23" to 80" in diameter. The TW-300 Series washes with a high-volume high-pressure spray.
